Making in India to make India Atmanirbhar

## About BHEL

Established in 1964, BHEL is one of the largest & the oldest engineering and manufacturing enterprises in India in the energy and infrastructure sectors. It is one of the earliest and leading contributors towards building an *Atmanirbhar Bharat*.

Supply of components / equipment for Thermal Power Plants is one of the major business portfolio of BHEL. Among the various products in a Thermal Power Plant, boiler and its related components are manufactured at BHEL Tiruchirappalli.

## Business opportunity in BHEL, Trichy

In order to meet our country's growing power demand, Government of India has set an ambitious target of adding 80 GW of power by 2030

Recently, BHEL has received the following thermal orders :

- NTPC Talcher 2 x 660 MW
- MEL Adani 4 x 800 MW
- NTPC Lara 2 x 800 MW
- NLC Talabira 3 x 800 MW
- HPGCL Yamunanagar 1 x 800 MW
- NTPC Singrauli 2 x 800 MW
- APL Raigarh 2 x 800 MW
- APL Raipur (Raikhera) 2 x 800 MW
- APL Mirzapur 2 x 800 MW
- DVC Koderma 2 x 800 MW
- APL Kawai 4 x 800 MW

[More boiler orders are expected in the near future]

A very good business potential is available with BHEL, Trichy for the fabrication vendors to supply fabricated structural items / boiler components / piping products for the above projects.
